### **Needs your help!**

We are looking for women to Chair H&I additional meetings at the York East Correctional Facility in Niantic, CT.

This is a way to share the message of hope while giving back what was so freely given!

The incarcerated women of York C.I. utilize H&I as a ray of hope, support, and inspiration that they can remain abstinent from substances.

***If you are interested, please contact these people on our H&I team.***
