Website Statistics

In April our website had 5,952 hits (visits) with an average of 198 visits per day, and 3.46 GB of bandwidth usage (of 20 GB quota.) Our current disk space usage is 357 MB (within quota for Certified Hosting Package - \$10 per month.)

Domain Registration

The domain registrations have been successfully transferred to Godaddy. The good as gold account has a prudent reserve for future domain renewals. Future trusted servants will need to ensure that the money is in the good as gold account before it is due.

Notes

This month was very busy for me. I had hoped to get more work done on the website. I made some final updates at the last minute! I got an unusual e-mail this month asking for details about the history of NA in Connecticut. Anyone who knows any of the details, please let me know. I would like to thank everyone for their support of the website. We have had much better communication with regional and area subcommittees and groups. Thanks to everyone who e-mailed events to be posted, and corrections to the website! Also thanks to the PI/PL chair, Justin, for getting the phone line up and running smoothly and in no time at all!

In Loving Service,
Julie S.
