### **Web Pages**

Outdated events were deleted. New events were posted. Old flyers were removed from the server. Area Subcommittee page has been updated.

### **Website Statistics**

In June our website had 5,271 hits (visits) with an average of 175 visits per day, and 2.5 GB of bandwidth usage (of 20 GB quota.) Our current disk space usage is 364 MB (within quota for Certified Hosting Package - \$10 per month.)

### **Area Meetings List (A note to RCM's and Alt. RCM's)**

I apologize for the inconvenience, but what we actually need is a list of the groups as well as the towns and the day of the week each group meets. I thought it would be simple enough to come up with a list of what groups belong to each area, but what I have found when answering questions using the lists I have already received as a reference, is that what we really need to know is which towns & which meetings are in each area, as well as the day of the week. I have had questions from people who are new to the area as well as people who are traveling this summer and I have had a difficult time answering these questions. We are working to coordinate this information with Regional PI/PL as well as any other committees that are interested. All areas, especially TVA & GHA, please verify area subcommittee meeting schedule. We do not have Greater Hartford Area Literature committee listed. ### **Schedule**

I have been working with Gary M., the new schedule chair, to coordinate the online schedule with the printed schedule. We are also working on updating the online schedule to a pdf format for easier printing.

### **Notes**

I spent a lot of time answering unusual e-mails this month – most of which were from newcomers.
